

Arkansas 2018 Holiday Jobs Hotline

The holidays are coming up and we all want to help those less fortunate in our community. These individuals may include citizens returning from incarceration, those experiencing homelessness, our veteran population, or simply those returning to the workforce. Most importantly, they are mothers, fathers, and other members of our community trying to reunite with their families.

Traditionally, over the holidays, we serve food or donate money or participate in a service. However, this year, you can also help our community members move towards economic stability by helping them gain employment through our holiday employment hotline.

WHO WE ARE:

We are a group of organizations that already work with those in need to help them gain employment, but this year, we decided to come together so that we could be more effective in the way we serve.

How It Works:

1.

An employer calls our help desk & provides details about the opportunity:
501-687-2346.

2.

Employment service partners will screen resumes for the position.

3.

We will send relevant resumes sent directly to your email & coordinate interviews.

We need your help:

Spread the word – tell your church, friends, coworkers, social network. They may not be an employer, but they may know one that's willing to give someone a chance & potentially change their life.

Make advocating for those in need a part of your daily routine – when you walk into a shop, get your car serviced, call a roofing company, go out to eat, ask them if they hire people in need. With the holidays coming up, many employers will be filling seasonal positions.

Let them know about the holiday employment hotline. It's as easy as 1, 2, 3 (above). To learn more about our Holiday Jobs Hotline, please call our Help Desk at 501-687-2346 or email at team@aoodarid.com.
